

The Book Commentary

World Order – One man's Journey

5 Star Book Review

A mayor hailing from San Diego faces an onslaught of responsibilities after coming across a plethora of information that will not only change his life but the lives of everyone in 197 nations around the globe. The mayor has undeniable qualities to put him at the forefront of transformational operations. However, as the founder of the Fortress —a secret facility for scientific research, he never intended for his plan to blow out of proportion. The secret facility's main purpose was cold fusion, but after a bizarre encounter with an extraterrestrial being named Mr. Unistar, the facility becomes the road to humanity's welfare and success. The mayor struggles as he contemplates decisions while juggling discoveries from the fields of military science, physics, IT, and politics.

Harry L. Jensens's creative imagination brings forth a world that feels real and his craft articulates issues in a manner that is clear, building on scientific concepts that are both fascinating and plausible. Each character, from professionals to extraterrestrial beings, is well-developed and plays a vital role in unfolding events. The story starts with the present circumstances and takes the readers back in time to how it all began, with the mayor winning a handsome amount of money in a lottery. The style of writing is captivating and the story is perfect for readers of all ages, a science fiction that epitomizes the author's extraordinary research and character development for this genre.

While *World Order: One Man's Journey* by Harry L. Jensen does not include a cliffhanger, it may give readers a hint for an upcoming sequel. The mayor's journey is truly remarkable; from his people skills to unmatched intelligence, everything about the protagonist will leave readers hungry for more. The story is especially apt for strategic thinkers and lovers of science fiction. With appropriate comic relief, the book includes perfectly crafted anecdotes and backstories, making it a true winner.
